FALL/WINTER

# BERETTA TECH-HUNTING COLLECTION DESIGNED ON YOUR BODY MOVEMENTS

Engineered around hunter's body movements to meet the specific needs of ACTIVE and STATIC hunting, the new collection is a game-changer that empowers your performance in any condition.

Every garment is created to provide you with elasticity in the crucial areas, unmatched lightness and effective modularity thanks to the 3 layers of the Beretta Clothing Modular System. Out there it makes all the difference.

BERETTA CLOTHING  
MODULAR AIR  
SYSTEM

# BERETTA CLOTHING MODULAR SYSTEM

We reinvented the layering. We made it easier. We made it more effective. We made it different and modular. Only three layers: all you need to stay dry, warm and protected in any and every condition. Form, purpose and reliability are inherent in every layer to match specific levels of performance with best-in-class materials and the finest constructions.

You can choose different insulation and

thermoregulation capacities, warm or extra-warm, natural or technical fibers, depending on the level of your activity. The third layer covers all the shell solutions, meeting multiple specific needs for Big Game, Upland and Waterfowl hunting, in different scenarios all over the world. This simple and essential system ensures comfort in any condition and offers multiple combinations to fit any need.

## 3RD LAYER PROTECTION

Protects you  
from the elements

## 2ND LAYER REGULATION

Keeps you warm

## 1ST LAYER SECOND SKIN

Keeps you dry inside

STATIC

## B-STATIC

## THE BETTER WAY TO ENJOY WAITING

Studying kinetic chains in the human body, we identified the crucial areas in different types of big game shooting and have designed functional gear that perfectly meets the specific needs of STATIC hunting: warm protection

for your back and kidneys, silent and easy shouldering, access to all your pockets, even while seated, ergonomic knees and sleeves to climb up to your tree stand, super-fast ventilation, ideal for carrying heavy loads.

Ergonomic stretch-to-fit adjustable and removable hood.

Fully removable and adjustable suspenders, with breathable 3D mesh on the back.

BWB Shell Technology: 3-layer protection system and 4-way waterproof stretch inserts with Beretta BWB EVO membrane bonded with a micro-fiber outer shell.

Kevlar® & Cordura® anti-abrasion waterproof inserts at the ankle.

Velcro regulation on the cuffs and detachable windproof inner cuff with thumb-hole.

## BACKPACKS M.O.L.L.E. SYSTEM

# BUILD YOUR OWN BACKPACK

The Modular Lightweight Load-carrying Equipment (M.O.L.L.E.) System allows you to configure your ideal backpack with a wide range of optional bags and accessories and to position each of them as they best suit you. You can add the following

to your backpack: a rifle-holder, a binocular bag, spotting scope bags, a tripod bag, one or more all-purpose bags, a water bag and a stool. They are all made of 100% lightweight, water and scratch resistant ripstop polyester, 500x300 denier.

Made of 100% lightweight, water and scratch resistant ripstop polyester, 500x300 denier.

High visibility orange zip and edges.

Easy grip pull-straps.

Water and wear resistant bottom.

Different functional pockets for ultimate organization.

ACTIVE

## ACTIVE MARS

PROBABLY, THE BEST  
ACTIVE HUNT SHELL  
IN THE WORLD

Probably, the best active hunt shell in the world. Studying kinetic chains in the human body, we identified the crucial areas involved in different types of active game shooting and have designed functional gear that perfectly meets the specific needs of ACTIVE hunting: total ease of movement, protection from the

elements, high breathability.

This distinctive design, fitted with waterproof elastic inserts and ultra-performance lightweight materials, upgrades your outdoor experience. A new array of construction details provide exactly what you need, together with innovations that revolutionize pocket functionality.

B-Active Pocket (patent pending): big organized pockets, perfectly accessible with easy wear backpack system.

Fully removable and adjustable suspenders, with breathable 3D mesh on the back.

BWB Shell Technology: 3-layer protection system with Beretta BWB EVO membrane bonded with a micro-fiber outer shell. Preformed sleeves and knee with BWB 4-way waterproof stretch inserts and in-shape back bi-swing with elastic inner panel.

Armpit and full leg ventilation opening for extra breathability.

ACTIVE

## TECHWOOL ACTIVE JACKET

GET MORE FROM WOOL,  
FROM THE FIELD TO THE CITY

For those who love to hunt in the woods wearing traditional loden attire, here's an amazing jacket that offers the elegant look and feel of the best cashmere blend wool together with the outstanding performance of a lightweight 3L BWB membrane with taped seams.

In pouring rain, traditional woolen fabrics absorb water and become heavy – but not Beretta Tech-wool 3L fabric, so you stay warm and dry longer. And when you're back in town, it dries faster and it is immediately ready for your urban adventures.

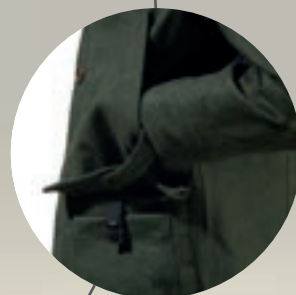

Armpit with stretch insert and stretch cuffs with thumbhole.

BWB Shell Technology: 3-layer protection system with Beretta BWB EVO membrane.

Wind-barrier zippered chest panel with breathable mesh inserts.

Front patch flap pocket.

# B.I.S. BERETTA INTERACTIVE SYSTEM RE-IMAGINED FOR TODAY'S SPORTSMAN

Warmth. Your body craves it; your performance depends upon it. Our Regulation layer takes all the work out of maintaining the optimal temperature so you can focus on the challenge at hand. From the natural goose-down versions to the superior breathability and warmth-to-weight ratio of Primaloft®, you can always find the Second Layer jacket or vest ideal for the type of activity you are about to perform. Maximizing range of movement for peak performance is at the core of this new range of BIS, featuring Polartec® Power stretch inserts and Beretta's unequalled Designed-Around-Your-Movements construction. Soft, lightweight, easily packable, fast drying, machine washable ... and cool!

# OUTDOOR TECH BOOTS COMFORT AND TECHNOLOGY AT YOUR FEET

BERETTA OUTDOOR TECH BOOTS are specifically conceived to provide comfort, control and protection in a truly outstanding design.

The secret lies in their shape, which is engineered to optimize walking control and to respect the natural physiology of the foot.

The boots feature Italian-made cutting-edge materials, and the best technologies available from Gore™, Vibram® and Ortholite® for a top-class performance on every terrain, whatever the weather, whatever challenge you're facing.

The colors are inspired by nature, with a touch of high-visibility orange that is both distinctive and functional at the same time.

The collection consists of 9 models developed for different hunting and hiking activities, from dog training to hunting and trekking, plus a crossover model that is also ideal for after-hunt/lifestyle use.

# THORNSPROOF FEEL AT ONE WITH THE WILDEST NATURE

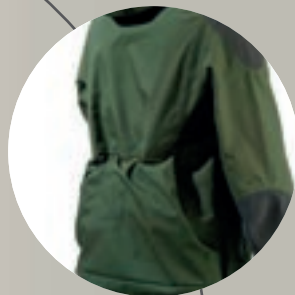

Experience total freedom of movement even in the most hostile environment, unaffected by climate, harsh vegetation or body-constraining gear. The B-Active kinetic structure, with preformed sleeves and knees featuring elastic inserts that can be combined with the first two layers of Beretta's BCMS modular clothing system, will provide unmatched comfort and freedom of movement in any weather. The waterproof inserts in anti-

abrasion Kevlar® and Cordura® for the body regions at greatest need will protect you even in the thickest and harshest undergrowth. Everything is designed to allow you to concentrate on your adventure: from the B-Active pockets (patent pending) on the front to the B-Balanced game bag with its revolutionary adjustment system, to the inside pockets on the shoulders to house the Beretta Recoil Reducer.

Waterproof inserts  
in anti-abrasion  
Kevlar® and Cordura®.

B-Balanced game bag  
with its revolutionary  
adjustment system.

WATERFOWLER

# TIMELESS EMOTIONS, TODAY'S TECHNOLOGY

Opening day, a time-honored tradition mixed with today's technology and innovation. The feel of your favorite camo jacket brings back memories of satisfying hunts of the past. Your waders still wear last year's mud as a badge of honor. As you ready for the day, you gather shells, decoys, hot coffee – and your shotgun. Then crouch in a blind with your eager, expectant dog. The thunder of wings above. The hope of the day ahead. Then that one heart-stopping, defining moment: the shot, the splash, the retrieve. These are the slices of time that stir the soul, that define the Waterfowler's passion for the wild. A passion backed by your confidence that your Beretta shotgun and gear are completely up to the challenge – no matter what the elements throw at you.

## B-WONDERWOOL

# 100% PERFORMANCE, 100% COMFORTABLE ON YOUR SKIN

BWonderwool is a revolutionary line of first-layer garments made from pure merino wool. The innovative fabric treatment enhances the wool's natural properties, eliminating the downside of traditional wool by making it more resistant, more elastic and infinitely softer on your skin. BWonderwool is the top performing natural alternative to synthetic materials. Loose fit. Machine washable at 40°C.

- Pure merino wool
- Highly breathable
- Thermo regulated
- Does not felt or shrink
- Dries easily
- Does not itch
- Odor-free
- Hypoallergenic
- Antibacterial
- Made in Italy

## BODY MAPPING

# 100% COMFORT, 100% FREEDOM OF MOVEMENT

BodyMapping is a revolutionary line of first-layer garments that helps your body maintain an ideal micro-climate and allows total freedom of movement. The specialized polypropylene fabric quickly draws perspiration from your skin, maintains the temperature of less active parts of the body, and

supports the muscles with controlled compression. BodyMapping is antibacterial and therefore remains odor-free. The design too is revolutionary, and one model even comes with an integrated balaclava. Thanks to its elastic structure, it molds perfectly to your body. Machine washable at 40°C.

# VINTAGE YEARS

For the "après-chasse" and your everyday wear, the Vintage Years collection features refined Italian-made garments, with a touch of contemporary elegance and exquisite color.

A wide range of men's and women's styles that mixes tradition and innovation with perfect fitting: 2 layers of loden with waterproof membrane, made from elegant wool, velvet and corduroy, with bright lining, and the new Tech-Merino shirts.
