THE MARK OF A BERETTA

Photo by Andy Anderson

The Legend of the Trident Logo

Beretta's iconic Trident logo has a rich history. The original, nearly a century old, was found on the front of an Italian poet's villa near Beretta's hometown. The encircled arrows represent the three shots fired when engaging an enemy. The left and right arrows are the warning shots. The central arrow is aimed at the target. The words "Dare In Brocca" translate to "hit the target."

Walking the fields outside La Stoppa, a Beretta Premium Hunting Lodge, near La Piacenza, Italy.

Photo by Andy Anderson

The Difference is our Innovative, Field-tested Performance Features.

The mark of a Beretta is more than our trademark logo. It is our commitment to quality, craftsmanship, innovation and unsurpassed performance. Backed by nearly 500 years of experience, a Beretta is built to perform to the highest standards decade after decade, generation after generation. Our passion is reflected in our choice of materials, our pioneering designs, and our dogged determination to fully field test, refine, and offer only the very best for your sporting and leisure pursuits.

BERETTA *Signature* POLO

Beretta Signature Polo

Brand & Value in One Great Fitting Polo

Every man's closet should have two or three of these polos ready to go. We have put together the perfect fabric, colors and construction to deliver a great-looking, classic polo. The embroidered Beretta Trident logo and contrasting blaze-orange collar tape add class and individuality to an everyday polo. You will appreciate the important details, like the ultra-comfortable tagless clothing label inside, and the soft cotton fabric blend with just enough stretch to fit and feel great after repeated washings. Cotton/elastane. Washable. Colors: 0426)coral, 0706)olive green, 0100)white, 0504)navy, 0321)red, 0905)gray mélange, 0401)orange. Imported.

Beretta's gallery of champions from around the world is a testament to their skill, determination and performance under pressure. The list of 2013's National Sporting Clays Association winners reads like a "Who's Who" of Beretta shooters. Annabelle Ayres, Anthony Matarese, Scott Robertson, Jenni Clark, Dan Carlisle, and Diane Sorantino all took to the podium.

GEAR LIST

DT11 Competition

Born from the legendary DT10 Trident, the Beretta competition over and under that has collected more medals in competition than any other shotguns, the new DT11 astonishes with its qualities and performance. New Steelium Pro barrels, a new balance thanks to the wider receiver, ergonomics controls: nothing has been left to chance.

Customer Review:

"Just spent 5 days in Nevada desert, sure glad I had this shirt and 4 more like it. Shirt wicking works great, stayed cooler and beat the sun. Highly recommend this product."

OCHACO™

Bamboo Charcoal Fiber

BAMBOO TECH

REGULATES YOUR BODY TEMPERATURE

Bamboo delivers in a big way. One of earth's most renewable resources, bamboo is antimicrobial, breathable, deodorizing, anti-static, and able to regulate body temperature. How? Naturally grown bamboo is heated until it bakes into charcoal, then is processed into nano particles. The ultrafine particles are embedded in the fabric, rather than coated on it, for long-lasting effectiveness.

A.

A.

black

white

navy

A. Bamboo Tech T-Shirts In Navy, Black and White

Thanks to the nano particles of bamboo embedded in its fiber, our t-shirts are breathable, moisture wicking and naturally anti-bacterial and antifungal (like a built-in deodorizer). The shirts will even regulate your temperature, keeping you cool on hot days and insulated on cold ones. All include mesh ventilation panels for superior comfort. Polyester and bamboo/elastane. Washable. Colors: 0100)white, 0504)navy, 0999)black. Imported.

A complete rifle, pistol and shotgun cleaning set in a well-organized, durable, synthetic carry case with heavy-duty latches. Sold on-line at www.berettausa.com

B1one Rifle Case

Genuine leather details and diamond stitching sets this soft rifle case apart from the rest. Use the comfortable leather carry handle or clip on the removable padded shoulder strap. 49" x 11". Sold on page 30

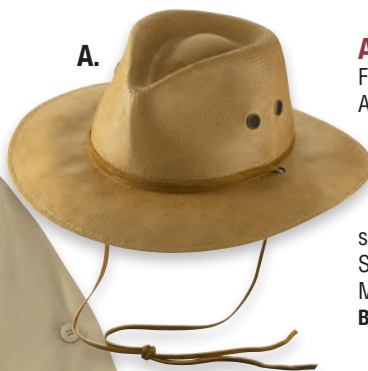

Steiner 8x30 Military/Marine Binocular

Steiner's unique auto-focusing puts all the action in focus at once. Durable rubber armoring; guaranteed not to fog or leak internally. Long eye-relief (20mm) for eyeglass wearers. Field of view: 360 feet at 1,000 yards. 4.6"L x 6.8"W x 2.4"H. Made in Germany. Sold on-line at www.berettausa.com

B1one Signature Rifle Sling

Sling with leather details, padded, antislip on the back and old brass buckles. 42.5" x 3" 80% Polyester 20% Leather. Sold on-line at www.berettausa.com

A. Straw Hat

From the Bollman Hat Company, America's oldest hat maker, a light-weight, breathable, Outback-style hat made of fine, tightly woven toyo straw. 3" turn down brim and screen eyelet for better ventilation. Fast-tab sweatband allows you to adjust the fit. Suede leather chin cord. Color: 82)tan. Made in USA.

BTA81412

Sizes 1(S/M) and 2(L/XL) \$75

B. Sport Safari Jacket

Durable and functional, this safari jacket is brushed cotton for a soft, comfortable hand that you'll appreciate after spending long days wearing it. Though it is full of practical, roomy pockets, the jacket is always easy to move in, courtesy of a bi-swing back, center slit, and adjustable belt. When the action gets hot, just roll up the sleeves and button them in place. Washable. Color: 0809)beige. Imported.

GU332056

Sizes M-XXL

\$148

C. Warthog Key-Chain Fobs

Though they are ferocious fighters, especially during mating season and while protecting their young, warthogs are more likely to use their impressive speed to flee danger. Their major fighting weapons are their two pairs of spectacular tusks. These key fobs are made from the constantly growing tusks. Each has been polished to a smooth finish, but, naturally, no two will be the same either in appearance or size. The brass-plated top features a stainless-steel ring to hold your keys. Imported from South Africa.

WARTHOG \$35

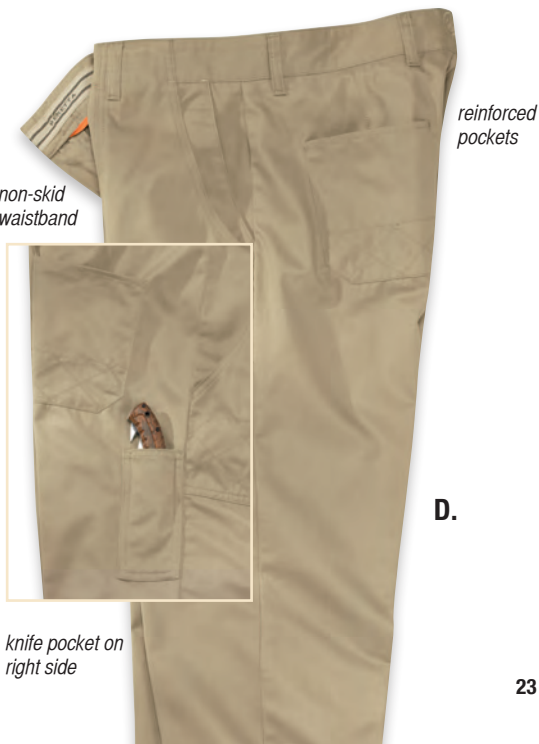

D. Sport Safari Pants

These soft, brushed cotton pants will be your most trusted companion in the field. The preformed knee ensures easy movement whether walking or crouching. The non-skid inner belt keeps your shirt neatly tucked. And there are generous pockets to carry everything you need, including one just for your folding knife. Cotton. Washable. Color: 0809)beige. Imported.

CU492056

Sizes M-XXL

\$88

E. Xplor Game Knife

Fitted with an easy-grip zebrawood handle, the folding knife can be securely locked into position to function like a fixed blade—a decided advantage when skinning and cleaning game. The innovative leather sheath holds the knife in either folded or fixed position. The satin finish 440C steel blade has a hardness rating of 56/58. Blade length: 3.26". Overall length: 7.87". Leather sheath included. Imported.

C06004520900

\$138

Leather sheath is capable of both closed and open blade carry.

A. Beretta Airlight II Knives

The Airlight II series is a versatile line of liner-lock folders in 2.25 or 3.12 inches. Choose a skeletonized plain-edge blade for its light weight or a 30% serrated blade for the heaviest cutting challenges. Aluminum scales in black or silver give the Airlight II a classic, understated look that's appropriate whether the knife is clipped on jeans or tuxedo pants. They have Beretta's Sure Grip finish that assures your grasp in any condition. Made in Japan.

BERETTA JEANS — THE PERFECT FIT!

A. What Makes our REDLINE Jeans the Best on the Market

Loose but not relaxed, this fit feels just right for everyday use. Made of substantial 14-ounce denim for durability in the oldest surviving U.S. jean factory, these jeans are woven in a 3 x1 left-hand twill that is difficult to produce but results in superior softness. Then they are dipped nine times in indigo for a rich, lasting color. Finally, we trimmed the jean in Beretta silver hardware and washed it down for exceptional comfort and lasting color. Machine washable. Color: 56)indigo. Made in USA.

JU902671 Sizes 32-42
Inseam 30"or 32" \$79

B. GREENLINE Stretch — Our Most Comfortable Beretta Jeans Yet!

There's a reason rodeo riders wear jeans with a touch of Lycra in the weave: they offer unrestricted motion no matter which way you move or bend. We took our best-selling Red Line Jeans, with their durable 14-ounce denim and soft twill weave, and added just enough stretch to make these the most comfortable pair of jeans you've ever owned. They are dipped nine times in indigo for rich, long-lasting color and trimmed in Beretta silver hardware. Cotton/Lycra. Washable. Color: 56)indigo. Made in USA.

JU902672 Sizes 32-42;
Inseam 30"or 32" \$79

C. GOLDLINE Jeans. Comfortable All American Fit

Like all our jeans, these are made in the USA. Their comfortable, wear-them-all-day fit and straight leg construction are all American, too. Which means you are going to love how they feel when you put them on. The waist will fall right where it should and the cut won't bind or restrict you. Made of substantial 14-ounce denim for durability and woven in a 3x1 left-hand twill. Trimmed in Beretta silver hardware. Zip fly. Machine washable. Color: 56) indigo. Made in USA.

CUSTOMER REVIEW:

“Best jeans I have ever owned. Beretta seems to have kept the 500 year passion alive with these jeans. I ordered 2 pairs and they virtually fit like gloves. The workmanship, like their firearms, is incredible, and to make it better they are made in the USA by a select few artisans that really know quality. Keep up the great work.”

B1 SIGNATURE LINE: RUGGED BEAUTY

When you want the best, there's no better place to turn than our B1 Signature Line of field-tested gun cases and bags. We're proud to put our name on—and our tradition of excellence in each and every one of them. Made of the finest long-wearing canvas and genuine leather, these bags embody the superior design, unmatched quality, and impeccable taste that define the Beretta sportsman.

With our signature diamond stitching, authentic leather details and antiqued brass buckles, you'll benefit from the finest materials, world-class workmanship and our passion for quality. Fully field-tested and rugged as can be, these soft-sided beauties are handsomely designed. Imported.

Goldline Jeans
sold on page 39.

Customer Review:

“ I cannot imagine taking on winter without this sweater. It is in my standard kit every day the thermometer heads south of 40°F, and I own more than one. Long enough sleeves for guys like me; XL fits perfect for 6'3", 220, w/35-36" sleeve. Thank goodness Beretta still recognizes the combination of natural and hi-tech fabrics in its garments. Absolutely awesome! ”

D. & E. Wind Barrier Short and Long Zip Sweaters

You'll find pure wool for warmth and rugged good looks on the outside of this sweater. But inside lies the secret: a barrier lining that keeps the coldest winds at bay. Fleece-lined collar for comfort; full zipper or pullover short zip. Cotton twill gun patches cover both shoulders, while ribbed knit at the cuffs and bottom keeps out drafts. Hand wash in cold water, dry flat. Colors: 0910(gray, 86) brown heather, 75(loden). Imported.

C. Beretta Xplor Watch

An innovative, automatic-movement watch inspired by the most advanced semi-automatic shotgun on the market: Beretta's Xplor. Like its namesake, this water-resistant watch mixes materials for maximum performance. The case, bezel, caseback and screw crown are all stainless steel; while the non-allergenic, perfect-fit sport strap is made of durable silicon with a stainless steel buckle. The dial, protected by high-resistant mineral glass, features luminous numbers, indexes and hands. The brushed-finish stainless-steel case is topped by a one-way turning bezel with an aluminum top ring that carries the numbers and indexes. The automatic movement is Citizen's Japanese-made workhorse Miyota 8215. Water resistant to 65 feet. Imported.

B.

B. Rail Master White Light

This instantly-activated tactical white light makes it easy to see your target in night-time conditions. Produced by industry leader Crimson Trace, the unit is installed in a matter of minutes on any handgun equipped with a Picatinny or Weaver rail. While producing a bright light, the unit is small and does not interfere with the balance of your firearm. Light activation modes are: Constant On, Momentary, Strobe (or Dazzler). Made in USA. CMR-202 \$129

C. 92 Series Aluminum Checkered Grips

Designed for maximum purchase with an aggressive checkering pattern. Laser-engraved Trident logo and deep, durable black finish. Made in USA.

JGALU92BLK \$79

C.

D.

D. Beretta Laser Grips

The Beretta Laser Grips have dual side-activation buttons, rubber-over-mold construction, fully-adjustable windage and elevation, a master on/off switch and a Beretta Trident logo. The lithium batteries (included) provide more than four hours of on-time use with a five-year shelf life. Applicable for Beretta Models 92 and 96 large frame, including Centurion, Elite II, and Brigadier. Technical specifications: beam intensity—5-mw peak, 633-nm, class IIIa laser—the maximum output allowable by federal law and technology. Dot size approximately 0.5" diameter at 50 feet. Made in USA.

JG92LG302 Standard \$309

E. Military Laser Grips (not shown)

These grips are designed specifically for the demands of military use. This model exceeds standards for waterproofing, dust/salt/fog resistance and high/low temperature operation. Compared to our standard Lasergrips, this model features a more prominent rubber-overmolded front activation switch and aggressive textured side-panels, which are designed for maximum control with or without gloves. Made in USA.

LG-402M Military Standard \$359

F. LaserMax Guide Rod Laser

Proven in more than 17 years of street and combat experience by SWAT, Special Forces, federal agencies, Presidential Security Services and other top-tier commands.

This internal guide rod laser is the most technologically advanced, hardened laser system you can buy. Because the laser sight installs as close to the barrel of the firearm as possible, it ensures the closest, most consistent relationship between your point of aim and point of impact over all shooting distances. It's your call if the beam is on or off—a must in situations when you don't want to reveal your position. A convenient "on/off" switch is easily activated by right- or left-handed shooters without altering the grip. Fits full-size Beretta 92 (M9), Beretta 96 and Beretta Vertec (does not fit Beretta's 92A1, 96A1, or 90-Two). Made in USA.

LMS-1441 \$399

F.

G. Beretta Holster for 92FS/96/92A1/ 96A1 – Right Hand

Thanks to a reduced spacer and size, this thermo-formed ABS holster is ideal for concealed carry for police, military and sport (IDPA, IASC). The Paddle Belt attachment allows you to carry the holster without the belt, while ensuring stable extraction of the pistol. The High Ride System can be used with belt widths from 1.4" to 2.2" (3.5 – 5.5cm). Holster comes with Paddle Belt and High Ride System. Made in Italy.

Sizes M-XXL

\$50

B. Stainless-Steel Pocket Tools with Embedded Light

A bright LED (light-emitting diode) light is always at the ready. Simply extend the lamp and it lights automatically when you get caught in the dark. This pocket tool has it all: knife, saw, scissors, screwdriver/bottle opener, can opener, lanyard ring, corkscrew, small screwdriver, fingernail cleaner, leather punch and #2 Phillips! Over the years, you'll appreciate the stainless-steel scales, stainless-steel liners and frame plus the 420C stainless-steel blade. Comes in a fitted nylon belt sheath or can be clipped to pack, purse, or key ring with the spring clip. Imported.

A.

A. Game Bag Umbrella

The perfect size and weight (just 12.7 ounces) to take anywhere, this compact umbrella fits easily in a briefcase, gear bag or glove compartment. Pops open to a generous 39" diameter. Comes in its own pouch with carry handles. Imported.

OM3204140560 \$18

B.

B. Competition Umbrella

This is one serious umbrella that fends off both rain and wind. (The scorching rays of the sun, too.) The double-canopy vent system keeps the wind from turning the canopy inside out or from being snatched out of your hand. Soft, comfy foam grip. Auto-open and easy close. Folds compactly to fit neatly inside the included carry case with shoulder strap. Opens to 58" diameter. Imported.

OM3304140560 \$22

C. NEW! HP Trolley

Top shooters like to have all their favorite gear and accessories easily accessible when they head into competition. But sometimes all that gear can weigh down a carry bag. Our High Performance line wheeled trolley solves the problem. Two easy-roll, inline skate wheels carry the load with the help of a telescoping pull handle, while Thermo-shield padding protects your gear. There's pockets for everything, including dedicated outside pockets for your shooting glasses and gloves. Constructed of heavy duty nylon. Color: 0501)blue. BS250189 16" x 11.75" x 12" \$145
